

# EXCURSIONS

**Angelo Marcialis**

**December 2017**

**Albert Wisner Public Library • Board Room - Main Floor**

*Retired (2014) from a rewarding and award winning career as both a Music Educator and an accomplished Jazz Musician, I have now turned my creative muse towards the realm of Photography. It allows me the opportunity to visually document my passion for hiking, biking and living in the Hudson Valley.*

*I look forward to my continued growth in the visual documentation of the beautiful Hudson Valley in New York. As my second artistic endeavor takes hold, my photographic proficiency is approaching the creative level that I achieved in my music career.*

*It has always been my artistic vision, first thru Music now Photography, to bring and share light to the world that I live in...*

10% of all sales will benefit The Albert Wisner Public Library.
