

ROSITA GILSENAN *BY THE LAKE*

Rosita Gilson was born and raised in Ireland, and received her art education in London, where she taught art for several years.

Coming to America to show her batik works in the early 1980s resulted in her settling here and raising a family in Warwick, NY.

She has worked in the batik medium primarily, but recently has turned to oil painting which she studies at the Warwick Atelier and the Art Student's League in New York.

Her works have been shown in galleries in Dublin and New York and are in private collections in Ireland and the USA.
